## Reviews & Recommendations

*"Kristin performed the wedding for my daughter and son-in-law and did a fantastic job. She met with them a few times before the wedding and it allowed her to tailor the ceremony so it was very special for them. Her wise observations and insights about life and love provided a great way to celebrate the occasion. She does all this with both grace and charm and makes everyone feel at home during the ceremony. We had friends and relatives from all walks of life and religious background and she impressed them...My favorite comment came from my daughter's elementary school principal who was a former priest and is a good friend of the family. He came up to us after the ceremony and said, "Who is that woman? She was fantastic". That about says it all - she's someone who is really guided by spirit and everyone can tell regardless of their religious background. She's the best - what more can I say?"*

*"Rev. Kristin Powell was simply amazing. We met with her twice before the ceremony and she was available by phone every time I called her. Our ceremony was a commitment ceremony in Columbia, Missouri. We will never be able to top our commitment ceremony so when it is legal for us to marry, we are already planning on a way to get Rev. Kristin back to Missouri to make it official!!"*
